

Saco Parks & Recreation Presents What Matters for Kids™

A Science Enrichment Program for Children in Grades K-5

What Matters For Kids™ is an enrichment company founded on the belief that children are inherently curious and learn by doing. Therefore, lessons are unique and hands-on, taught using a multi-sensory philosophy. Students get up and jump around, stick their hands in goop, smell the stink of a chemical reaction, hear the thud of gravity and even see color changes in some experiments! **FMI:** www.whatmattersforkids.com

Saco Parks & Recreation Spring 2016 Session Details

Classes for Students grades K-2

Location: Saco Community Center, Room 105

Mondays: April 4, 11, 25 and May 2, 9, and 16. *No class during April Vacation 4/18
