

Saco Parks Recreation Memorial Tree Plantings: GPS Coordinates

The cataloging of Memorial Trees was a project initiated by City of Saco Arborist Corey Tanguay in 2019. His goal is to identify and map the location for each Memorial Tree planted by the Saco Parks and Recreation Department to provide friends and family with the coordinates to visit their designated tree. This project is ongoing and the list will continue to be updated as Memorial Trees and locations are identified. For more information on our Memorial Tree program, please visit www.sacomaine.org

In Memory Of:		Tree Location:	Tree Type:	Longitude:	Latitude:
Lloyd	Anderson				
Brod and Ethel	Bedard	Community Garden	Flowering Crab	43.5033	-70.4378
